

TNMAX SERIES

Designed for Light Boxes

SERIES SPECIFICATIONS

LED type	2835
Input	24V DC
Color temperature	6500 K
Beam angle	175°
Protection level	IP 67
Working temperature	-30°C + 50°C
Efficacy	up to 170lm/W
Warranty	7-year parts & 7-year labor

RECOMMENDED LAYOUT

Depth of the sign in mm	Best product to use	Center to Center distance in mm	Modules per square meter	Brightness of the face
40	TNMAX1	120x120	69,4	3400 lux
50		150x150	44,4	2200 lux
60	TNMAX2	180x180	30,9	3600 lux
70		200x200	25	2500 lux
80	TNMAX3	240x240	22,7	2400 lux
90		270x270	22,7	2200 lux
100		300x300	11,1	1500 lux
120		300x300	11,1	1300 lux
130	TNMAX4	400x400	6,3	900 lux
150		400x400	6,3	800 lux
170		400x400	6,3	700 lux
200		400x400	6,3	600 lux

*The result may vary based on face material and application. Please contact our team member to receive best recommendations.
